DANGER IN DELAY.

The sanitary condition of Washington is doubtless one of the greatest danger, and one which is chargeable to the indifference and the chronic want of foresight of the medical authorities. It is indisputably true that the atmosphere of that city, even in its normal condition, is specially typhoid—readily generating fevers of that particular class. And the present cold and damp weather, which, as yet, has been unaccompanied by frost in that vicinity, fearfully increases this atmospheric tendetcy.

Typhus fever is at present the all-prevailing disease—not only in the hospitals and camps, but in the house of pricts of families; in Washington as well as Georgetown. Almost the slightest inflammatory complaint, especially such has had be prevailed as Georgetown. Almost the slightest inflammatory complaint, especially such has had be prevailed on a well as Georgetown. Almost the slightest inflammatory complaint, especially such has had be prevaised inflammatory complaint, especially such has had be prevailed in the house of pricts of a portion of his slaves:

The sanitary condition of Washington is doubtless one of the greatest danger, and one which you can tend the development and the propers and doings of the "contrabande" of the medical authorities. It is indisputably true that the atmosphere of that city, even in its normal condition, is specially typhoid—readily generating fing which is statements of our own correspondent. Here is a sample, taken from its accordance of the burning of his cetton-houses by Mr. Hugh Wilson and the escape to our robder. THE NATIONAL FINANCES.

Mr. Gallatin, at the meeting of Bank mancriticism of Secretary's Chase's financial policy, to slip by unimproved. One month ago, tea which he regards as the main cause for the NEW-YORK, December 14, 1861.

To the Hon. W. P. FESSENDEN, Senator United States:
In accordance with your kind invitation, it affords m pleasure to communicate with you.

pleasure to communicate with you.

The proposition of the Secretary of the Treasury to establish a system of currency on the basis of the Government debt, similar to the system prevailing in this State, is very much less objectionable than the issue of a Government paper by the Government. My opinion of that measure, and of the

Union the fugur civies being at par or at a premium, these drafts would circulate freely, and facilitate the inland ex changes and avoid the displacement of coin. Indeed, it would be advisable to make all his drafts on the banks of the three ittles-New York, Philadelphia and Boston-for such drafts will always be at or shove par throughout the country; and I would restrict all drafts to the banks of the three cities, for

fully urge upon your consideration the propriety of embracing in the loan acts of this session a provision for indemnifying them in case the Government should make negotiations at

This course is usual, and I trust the equity and the justice of it will commend themselves to your judgment. Upon the fourth point, you will agree with me, I doubt not. and I trust you will also agree with me that good policy, and particularly a regard for the pacific relations happily substiting between our own and other countries, require that we should not now make efforts of an extraordinary character to promote investments of capital in new channels of industry, which may prove hazardous or unprofitable. We need now to husband our capital, and to render all as afficient as possible. Had we a surplus of capital, our case night be different.

ington as well as Georgetown. Almost the slightest inflammatory complaint, especially such sughtest inflammatory complaint, especially such as results from catching cold, runs into a ty-phoid fever—not at first epidemic, but liable seen to become so, if energetic and stringent measures are too advantaged and stringent measures are too advantaged and stringent measures are too advantaged at the stringent and measures are too advantaged at the stringent measures are too advantaged at the stringent and the stringent and the stringent and the stringent are too advantaged at the stringent and the stringent are stringent as the stringent and the stringent are stringent at the stringent and the stringent are stringent as the stringent a University Place by double track, thence by hear shready made himself notorious by comparisons between the Emperor and sundry famous personages of Biblical history, has become a regular langhing street to Canal street, West Broadway, College Place and Barclay street to Broadway, and back through Church and Greene streets, and back through Church and Barclay street to Broadway, and back through Church and Greene streets, and back through Church and memorable in our backwas described as having fallen gloriously at Castelia and memorable in our believed a sharing fallen gloriously at Castelia function on the young here; described him as eclebrated for his pletty, for his virtues, and his court function on the young here; described him as eclebrated for his pletty, for his virtues, and his court the heavy and the street was touching as to draw tears from the gation in terms so touching as to draw tears from the gation in terms so touching as to draw tears from the gation in terms so touching as to draw tears from the gation in terms so touching as to draw tears from the gation in terms so touching as to draw tears from the professor and suddy of the streets are substanced by the selection of the most eventful and the matter in the substance of the green of the country's history, as we trust that about to open will mark its define and fall.
